New Fall Development League for 2018

Hello everyone! We are excited to introduce a new fall program - the Cato Youth Soccer Fall Development League!

The Fall Development League is a 7 week program for girls and boys entering grades 1 through 6. This program is aimed to provide skills and drills training for all enrolled. It will be comparable to the winter program that we have been offering the past several years. This program is to focus on increased individual player development. **There will not be games with other communities or leagues.

Unlike our previous fall league, which emphasized group/team training in preparation for league play, this new Fall Development League has an increased emphasis on the individual player. Coaches will train players in small groups with a focus on improving the player's technical thought process. There is, of course, still plenty of play involved!

Players will attend two evenings per week, Tuesday and Thursday from 6 to 7:30 pm and at the end of each evening, players will be split into groups and play in a scrimmage format with their "team". Coaches will coach and referee, in an effort to keep the spotlight on the player instruction.

The cost is \$20 per player. The program will begin the week of Tuesday August 21st and run through Thursday October 11th. Players should have shinguards and cleats.

Please mail your registration and payment to:
